Discipline Policy

All children are created as unique individuals. Each needs very special love and attention, and the opportunity to learn and grown in a safe, Christian environment. It is our responsibility to help children learn self-control, socialization, sharing and respect.

We seek to use positive discipline techniques when necessary. The first step is to simply talk to the child then redirect his/her actions. If further discipline is needed, the child may need to have "time out." This is spent in the "Time Out" chair in the room; usually one minute for every year of the child's age (ex. 3 minutes for a three-year-old, etc.) Sometimes the child may need to have "time out" in the Director's office. If discipline problems continue, we will discuss them with the parents at a conference.

In extreme cases, parents may be asked to remove their child from the program so as not to disrupt the learning environment for other children.

Please sign this extra page and return to director for her files.

"Yes, my child and I have discussed the Discipline Policy and agree to follow the guidelines herein."
